IT vendor SLA summary
Owner: IT service management. Review: every June.

This summary lists the support commitments in our main IT vendor contracts. The contract text always wins; use this page to know what to ask for when you open a vendor case.

Vendor	Contract	Severity 1 response	Severity 1 restore	Support hours
ERP vendor	ERP-2290	30 minutes	8 hours	24x7
VPN gateway vendor	NW-7781	1 hour	next business day	24x7 for Sev 1
AWS Support	Business	1 hour	not committed	24x7
Smart host (mail)	MAIL-1180	2 hours	not committed	business hours
Printer service	PRN-0450	4 business hours	2 business days	business hours
IR retainer	SEC-0042	2 hours on site call	not applicable	24x7

How to open a case
1. Use the vendor portal and quote the contract number. Phone lines are for Severity 1 only.
2. Severity 1 means production down. Opening a Severity 1 for anything else costs us goodwill and, for the ERP vendor, an extra fee per case.
3. Record the vendor case number in the incident ticket.

Service credits
The ERP vendor pays a service credit of 5 percent of the monthly fee for each missed Severity 1 restore target, capped at 25 percent. Claim it within 30 days through the vendor manager.
No other contract has service credits.
